

Refresher Course

Faith Community Nursing

Virtual course via Zoom offered by the
Faith Community Nurse Network of the Greater Twin Cities
15 contact hours for RNs

CE's approved for Minnesota RNs*

Submitted for ANCC approval in all 50 states.

Has it been more than 5 years since you attended the Foundations of Faith Community Nursing course to prepare you as an FCN?

- Did you know that both the ANA Scope and Standards of Practice and the curriculum for the Foundations Course endorsed by the Westberg Institute of Faith Community Nursing (owned by the Spiritual Care Association of New York) have been revised in 2024?
- Did you know that the Westberg Institute recommends that FCN who took the Foundations Course more than 5 years ago, should retake it to stay up-to-date?

In response, FCNN created this shorter course to update FCNs on the revisions that have occurred in the Foundations Course.

Contact hours: This *VIRTUAL* three-session course provides FCNs with **15 contact hours for continuing education**. These CE hours are valid in the state of MN. RNs from other states should check with their Board of Nursing to be sure the CEs are applicable.*

Course content: Content will be developed to reflect the revisions in the Foundations Course in 2024, and will also include topics identified by a survey of 100 FCNs who expressed interest in a Refresher course. Description of the content will be available to those who register for the course.

Note: This is not the required preparation course RNs need to become FCNs. If you're an RN and wish to become an FCN, sign up for our Foundations of Faith Community Nursing Course (see website)
